To whom it may concern

This serves as a letter of reference for Mr Zari David Kovo.

ESA Architects and Designers are one of the UK's leading commercial architectural practices, with offices in London and Hull. We have a varied client base/work including BAA-Marconi; London and Regional Properties; Sainsbury's; Humberside Police Authority and The Mall Corporation. The company offers a range of professional services, and is geared towards providing an excellent level of design and technical expertise within a variety of architectural fields. It is within this context that we have become associates of Mr Kovo.

ESA wish to provide both Architectural and Planning services in collaboration with Mr Kovo for the redevelopment of the area of Camden Stables Market.

For the past three years ESA has been working closely with Mr Kovo, acting on behalf of Camden Holding Estates Ltd, Jersey, on the planning and design of Phases 1 and 2 of the Stables Market Scheme; Mr Kovo's input is absolutely integral to the development of the design of this complex scheme. We are currently taking the first element of the Camden development from initial design. At Mr Kovo's behest, we are in the process of progressing two further large mixed-use stages of the Camden redevelopment, which are at the early stage of the design process. We have no doubt that these schemes, thanks to Mr Kovo's vision and expertise, will have a much needed positive regenerative effect on the whole Camden area.

Mr Kovo has the vision and expertise to improve and regenerate the area into a truly 21st century retail and leisure complex, whilst also remaining committed to both larger established traders and, importantly, to the encouragement of new small-niche traders within the market.

Mr Kovo's ideas and vision are key for the progression of all of this work.

Yours faithfully

To Whom It May Concern:

PATIENT NAME is my patient and is under my care. I am familiar with her history and with the functional limitations imposed by her emotional/mental distress. PATIENT NAME meets the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5) criteria for the following diagnosis:

Mental Health  
300.02 General Anxiety Disorder

Her symptoms include difficulty breathing, hyperventilating, feelings of helplessness and hopelessness, sleep disturbance, or being overwhelmed, and difficulties with decision making. That PATIENT NAME meets the definition of disability under the Fair Housing Act, and the Rehabilitation Act of 1973.

PATIENT NAME has further complications to her mental health status due to multiple recent children. Due to the above mental distress PATIENT NAME has certain limitations regarding sleep, decision making, and excessive worry. Her condition requires her to have additional assistance to function only in order to help alleviate the above symptoms, in addition to enhancing her ability to live independently and to fully make use of and enjoy the dwelling unit you own and/or administer. I have prescribed PATIENT NAME to obtain or maintain a pet, to help her sustain her highest level of functioning. This pet should be deemed an emotional support animal(s). As such, her pet is an integral part of the treatment she is receiving and the treatment supports given in her treatment plan.

PATIENT NAME suffers from symptoms that can leave her exhilarated at times. Her emotional support animal(s) is vital to her recovery and helps her from falling into a debilitating state. In the past PATIENT NAME has made use of her pet (in the same manner as that of an emotional support animal) and has found that her anxiety is less, her sense of helplessness less, and her ability to be out in public increased. The presence of this animal(s) is necessary for both the physical and mental health of PATIENT NAME. With an emotional support animal(s), PATIENT NAME is able to seek comfort from her animal(s) and deal with her issues with a clear head and an optimistic attitude. Thus she can better manage day to day situations, which can increase her level of functioning and enhance the quality of her life. Without her emotional support animal(s) PATIENT NAME could sink into a deeper depression or become overwhelmed with frustration the number above, but causing acute stress in her life.

Sincerely,

THERAPIST LCPC, CADC

Date: ESA Letter issued: 7/11/15- 7/10/15

To Whom It May Concern:

RE: Mrs. Jane Smith

Mrs. Smith is under my care and diagnosed with a mental health disorder as defined in the Diagnostic Statistical Manual Fifth Edition (DSM-5). Her psychological impairment substantially impairs her ability to sleep and her interaction with others. These functions are considered to be major life activities and therefore meets the definition of an emotional disability under the Fair Housing Act (42 U.S.C. 3602 (a)).

Her dog, a 12 lb. Cairn Terrier provides necessary emotional support that successfully ameliorates her inability to sleep and reduces anxiety surrounding interacting with others. These deficiencies cause significant psychological impairment for Mrs. Smith so much so that it is disabling and warrants therapeutic reinforcement of an Emotional Support Animal (ESA). Without the use of ESA, "Smitty" (Cairn Terrier) her ability to sleep and interact with others will be substantially limited and she would not be able to enjoy the same benefits as others do in her housing and as a result, as a mental health professional, I recommend that she be provided any reasonable accommodations in housing and address in that she may continue to benefit from the assistance provided by her ESA.

Her disability and disability-related need for her Emotional Support Animal entitles her to the rights and benefits afforded her by the Fair Housing Act, the Air Carrier Access Act (Title 49 U.S.C. Section 41705), and the Department of Transportation 14 CFR Part 382. As such, she has the right to be accompanied by her ESA during air travel outside of a carrier and in housing.

Please make any reasonable accommodations in any housing rules, policies, procedures or regulations so that she can live with her ESA on property and enjoy the benefits of fair housing. Mrs. Smith requires her ESA to accompany her at all times on property as it is her assistance animal. Her ESA is not a pet and should not be subjected to pet rules under the Fair Housing Act, as amended in 1988.

Sincerely,

Amanda Secran, LCSW

## Sample letter for Companion Animal

DATE

NAME OF PROFESSIONAL (Therapist, physician, psychiatrist, rehabilitation counselor)  
ADDRESS

Dear [HOUSING AUTHORITY/LANDLORD]:

[NAME OF TENANT] is my patient, and has been under my care since [DATE]. I am intimately familiar with his/her history and with the functional limitations imposed by his/her disability. He/She meets the definition of disability under the Americans with Disabilities Act, the Fair Housing Act, and the Rehabilitation Act of 1973.

Due to mental illness, [FIRST NAME] has certain limitations regarding [SOCIAL INTERACTION / COPING WITH STRESS / ANXIETY / ETC]. In order to help alleviate these difficulties, and to enhance his/her ability to live independently and to fully use and enjoy the dwelling unit you own and/or administer, I am prescribing an emotional support animal that will assist [FIRST NAME] in coping with his/her disability.

I am familiar with the voluminous professional literature concerning the therapeutic benefits of assistance animals for people with disabilities, such as that experienced by [FIRST NAME]. Upon request, I will share citations to relevant studies, and would be happy to answer other questions you may have concerning my recommendation that [FULL NAME OF TENANT] have an emotional support animal. Should you have additional questions, please do not hesitate to contact me.

Sincerely,

*Signature*

[NAME OF PROFESSIONAL]

Licensed Marriage and Family Therapist and Certified Art Therapist

### To Whom It May Concern,

██████████ (DOB: 09/05/1986), is my patient and has been under my care since 12/15/2016. He sought treatment for a mental health-related disorder that can be found in the DSM V. I'm familiar with his emotional-mental history and with the functional limitations imposed by this mental health-related disorder.

Due to this emotional disorder, ██████████ has certain limitations coping with what would otherwise be considered normal, but significant day to day situations, such as symptoms of anxiety (including agitation, frustration, insomnia, worrying cognitions, nervousness, and inability to self soothe).

To help alleviate these challenges and to enhance his day to day functionality, I have prescribed ██████████ to obtain a dog as an emotional support animal, specifically a Shiba Inu, by the name of ██████████ (30 lbs lbs). This animal is necessary for the mental health of ██████████ because its presence will mitigate the symptoms he is currently experiencing.

I am licensed to practice therapy and to prescribe ESAs for treatment. My license number is ██████████ and my certification number is ██████████. My LMFT license was issued in the state of California in 2015. My ATR certification was issued in the state of California in 2016. This letter should suffice as proof of treatment and certification of obtaining and keeping emotional support animal. As a reasonable accommodation, please allow ██████████ ESA to live in his dwelling and travel outside a travel carrier in the cabin of the aircraft in accordance with The Fair Housing Amendments Act of 1988 and Air Carrier Access Act (49 U.S.C. 41705 and 14 C.F.R. 382).

For any questions or concerns, contact the number above and I will respond within 2-3 business days.

Sincerely,

██████████  
██████████
